

ABOUT PY FILMS

The vocation of Py Films is to offer quality audiovisual productions in the cultural and institutional sectors.

Py Films trusts Authôt which provides him every transcriptions since its creation.

Our contact:

Denis LAURENT

Producer-Director and
Partner at Py Films

CHALLENGES

- **Derushing:** Py Films wishes to save time and have a faithful transcription with timecode.
- **Customers feedbacks:** Py Films wants its customers participate to the projects.
- **Referencing:** Py Films seeks to improve its productions' visibility on social networks.

SOLUTIONS

- **Transcription with proofreading:** This service allows Denis to benefit a faithful transcription.
- **Customers return:** Thanks to transcription, Denis' customers have a direct access to the script.
- **VSEO Indexation:** Videos' transcription gives to Py Films a better referencing.

"Authôt is **reactive**, listening and allows us to create **new projects**"
