

Press Release January 14, 2016

Innovative French companies and Startups exhibit at the BETT Show in London!

20-23 JANUARY 2016
EXCEL LONDON

Founded in 1985, the **British Educational Training and Technology Show** takes place every year in London, United Kingdom. In 2015, it gathered more than 35 000 visitors and 600 exhibiting companies, from no fewer than 113 countries.

Through a mixture of new product innovations, workshops and conferences, this is a great opportunity for **Authôt**, **Libcast** and **Multicam Systems** to show their innovative solutions for Education and build networking opportunities.

The logo for Authôt.com, featuring the word "Authôt" in a dark blue font with an orange bird icon above the "ô", followed by ".com" in a smaller dark blue font.

Authôt.com

Authôt start-up, is recognised as the specialist in **automatic transcription and captioning** for more than three years.

Some references in Education:

The logo for LibCast, featuring the word "LibCast" in a bold font with a red circular graphic element behind the "C".

LibCast

Libcast is an online video platform allowing users to manage, customize, broadcast and analyze all their e-learning content. Thanks to this multi-users platform, protect your videos and determine who can watch and/or manage your video content.

Some references in Education:

multiCAM systems

[Multicam Systems](#) develops innovative solutions, fully automated for live video production. The Multicam systems offer the video mixer and switcher features like recording, live streaming, podcast publishing and more.

Some references in Education:

The BETT show offers **opportunities to develop internationally**. An event where you can directly meet key players in education and new technologies.

Come and find out new functionalities and discover a complete solution with **Authôt**, **Libcast** and **Multicam Systems** on our **stand E280A** at the **ExCeL Center** in London, from the 20th until the 23rd of January 2016. Live demos will be shown!
