

## ABOUT INS-HEA

The INS HEA is a French Public Institution specialised in education and research and placed under the dual supervision of the Ministry of National Education and the Ministry of Higher Education, Research and Innovation. The INS HEA relies on Authôt for subtitling videos and transcription of pedagogical interventions.

## CHALLENGES

- **Digital accessibility:** As a major INS HEA issue, videos must be accessible to the deaf and hard of hearing.
- **Saving time:** The INS HEA used to transcribe manually. It was a long and tedious process for researchers. They wanted a quick and simple solution.
- **The quality:** The INS HEA would like to have perfect subtitles for its conferences and seminars videos.

## SOLUTIONS

- **Captioning:** This service makes INS HEA videos accessible to the deaf and hard of hearing public.
- **Automatic transcription:** This technology saves a considerable amount of time by divided by two delays and costs.
- **Proofreading:** Authôt offers a proofreading service and ensures a perfect quality of subtitling.

"The Authôt team is professional and very available. We will be happy to test the live transcript technology for our future conferences!"
