

SOLUTIONS

- **Captioning:** This service allows to make videos accessible, especially to deaf and hard of hearing students.
- **Translation:** Authôt offers a multilingual translation and subtitling service to make the videos visible everywhere and for everyone.
- **Proofreading:** Added to the automatic transcription service, manual proofreading allows a quality content in very short delays.

"Authôt is an innovative start-up that listening our expectations."

RESULTS

Meeting at the
 BETT exhibition
 in London:
01/24/2015

Registration:
11/14/2015

Partnership
 agreement signed
 in November 2016

Numerous tests are
in progress

ABOUT THE MINISTRY OF NATIONAL EDUCATION

The Ministry of National Education is a major French institution that adapts itself daily to the new digital technologies. The Ministry of National Education is particularly interested in video subtitling offered by Authôt!

Our contact: **Alain Thillay**
 Head of the Digital Resources
 Development and Broadcasting
 Department

CHALLENGES

- **Digital accessibility :** The Ministry wishes to make videos accessible to all students.
- **International :** The Ministry wants videos to be subtitled in multiple languages.
- **Saving time :** The Ministry wishes to automate the transcription of its video files and meetings.
